### RESPONSE TO NOTICE OF DRAWING INCONSISTENCY WITH SPECIFICATION, dated August 27, 2003

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450  
Attn: OFFICE OF PATENT PUBLICATION

SIR:

In response to the "Notice of Drawing Inconsistency with Specification" (Paper Number 12) of August 27, 2003, setting a period for response terminating September 29, 2003, applicant refers to applicant's amendment of February 7, 2003 filed in response to the Official Action of November 8, 2002. In this amendment, Figs. 2 to 4 have been added, and the specification has been amended by adding, i.a., a brief description of Figs. 2 to 4. Reference is made in particular to page 2 of applicant's amendment.

Thus, contrary to the contention in the above-referenced Notice, there exists no inconsistency between the drawing and the specification.  
Withdrawal of the "Notice of Drawing Inconsistency with Specification" is respectfully requested.

Respectfully submitted
